

**CITY OF LAREDO  
SPECIAL CITY COUNCIL MEETING**

**CITY COUNCIL CHAMBERS  
1110 HOUSTON STREET  
LAREDO, TEXAS  
5:30 P.M.**

**MINUTES**

**M97-S-40**

**NOVEMBER 18, 1997**

**I. CALL TO ORDER**

With a quorum present Mayor Protem Perez called the meeting to order.

**II. PLEDGE OF ALLEGIANCE**

Mayor Protem Perez led in the Pledge of Allegiance.

**III. ROLL CALL**

IN ATTENDANCE:

JOSE R. PEREZ, JR.,	COUNCILMEMBER,	DISTRICT I
LOUIS H. BRUNI,	"	, DISTRICT II
ALFONSO I. "PONCHO" CASSO,	"	, DISTRICT III
CECILIA MAY MORENO,	"	, DISTRICT IV
ELISEO VALDEZ, JR.,	"	, DISTRICT V
JOE A. GUERRA,	"	, DISTRICT VI
MARIO G. ALVARADO,	"	, DISTRICT VII
CONSUELO "CHELO" MONTALVO,	"	, DISTRICT VIII
GUSTAVO GUEVARA, JR.,	CITY SECRETARY	
FLORENCIO PENA,	CITY MANAGER	
JERRY BRUCE CAIN,	ASST. CITY ATTORNEY	

ABSENCES:

City Attorney Jaime Flores.

**IV. FINAL READINGS**

Motion to waive the final reading of ordinances #97-O-276.

Moved : Cm. Bruni

Second: Cm. Valdez

For: 6

Against: 0

Abstain: 0

Cw. Moreno was not present.

- 2. 97-O-276 Amending Ordinance No. 96-O-163, to authorize the City to accept water rights in lieu of payment of water availability fees, at a negotiated equivalency when the City intends to acquire real estate for a valid public purpose.

Motion to approve.

Moved : Cw. Montalvo

Second: Cm. Valdez

For: 6    Against: 0    Abstain: 0

**V. MOTIONS**

- 3. Approval of Change Order no. 3, an increase of \$24,835.00, to the construction contract with Lambda Construction Company, New Braunfels, Texas, for additional work on the clarifiers at the Jefferson Street Water Treatment Plant Solids Handling Improvements Project. Funding is available in the 1994 Bond for Waterworks - Sludge Disposal Jefferson. Original contract amount was for \$2,451,300.00. This change order will bring the total to \$2,627,000.00.

Motion to approve.

Moved : Cm. Guerra

Second: Cm. Alvarado

For: 6    Against: 0    Abstain: 0

Cw. Moreno joined the meeting at 5:38 p.m.

**VI. CITY MANAGER'S REPORT**

- 4. Presentation regarding the list of 1998 Capital Improvement Projects with a discussion on the use of certificates of obligation for their funding, with possible action.

Florencio Peña, City Manager, reported that he met individually with each of the council members in an effort to develop a staff recommendation for the issuance of \$14,000,000 of Certificates of Obligation in January or February of next year. The issuance of this debt will not impact the debt tax rate since a reduction in the annual debt service will be occurring in the 1998-99 fiscal year. Our financial advisor has stated that a \$14 million issue is possible and still stay within the debt service reduction, however, it could be less or more somewhat based on rise or fall of interest rates in January of next year.

He continued stating that most of the council had expressed that the allocation of Certificates of Obligation funds should be guided by the following priorities: (1) street and drainage projects, and (2) distribute funds equally to the extent possible to individual districts. With these principles in mind, staff has prepared the several funding proposals.

Exhibit I is the source used to select projects. These projects were identified previously by City Council and is attached to these minutes.

Exhibit II is the proposed use of the \$14 million of Certificates of obligation as follows:

**1997 - 1998 CO Issue**

**Drainage**

Texas Ave. / Price St.	1,700,000
Zacate Creek Erosion	800,000
Flecha Lane	100,000
406 W. Plum at San Francisco	50,000
Upgrade Drainage at Park in Chaparral	150,000
1200 Frost and Lyon	75,000
Tinaja Channelization (Final Design & Phase 1)	1,000,000
Laredo Manor	170,000
<b>Subtotal</b>	<b>4,045,000</b>

**Streets**

Alma Pierce (SW)	70,000
Santa Maria Reconstruction	2,900,000
Calton Road Improvements (Library)	700,000
School Drop Offs	500,000
Paving Project #60	500,000
South Meadow Bridge at Chacon	500,000
Trautman Elementary Sidewalk	70,000
Hilltop (290,000) and/or Gallagher (200,000)	490,000
<b>Subtotal</b>	<b>5,730,000</b>

**Public Buildings**

Public Works	2,500,000
Equipment	1,200,000
Library	410,000
Canizalez Gym	170,000
<b>Subtotal</b>	<b>4,280,000</b>
<b>Grand total</b>	<b>14,055,000</b>

Exhibit III is a distribution of the cost of the projects by district.

**1997 - 1998 C.O.**

District I	1,000,000
District II	2,400,000

District III	670,000
District IV	125,000
District V	1,020,000
District VI	730,000
District VII	3,000,000
District VIII	410,000
Public Works	2,500,000
Equipment	1,200,000
Paving Project #60	500,000
School Drop Offs	500,000
<b>Total</b>	<b>14,055,000</b>

Exhibit IV is a proposed use of Community Development Funds for fiscal year 1998-99.

**1998 - 1999 Community Development (C.D.)**

Paving Project #61	980,000
Cruz Field Lighting	50,000
Tinaja Chacon Drainage (Phase 11)	742,000
Blaine / Milmo (Final Design & Phase 1)	470,000
<b>Total</b>	<b>2,242,000</b>

Exhibit V is a proposed use of Capital Improvements Fund (CIF) for fiscal year 1998-99.

**1998 - 1999 Capital Improvement Fund (CIF)**

Santa Maria & Industrial Traffic Signal	50,000
Bartlett (Sandman to Hillside)	108,000
B.B. Loop @@ McPherson Traffic Light	50,000
Spur 400 Lighting	130,000
Intersection Improvements	284,000
Speed Bump Program	50,000
City Wide Sidewalks	500,000
<b>Total</b>	<b>1,172,000</b>

Exhibit VI is Paving Project 60 which is designed and ready for construction pending Council approval of this plan.

**PROJECT 60 (\$900,000)**

Exhibit VIII is a list of the projects identified by council which are not included in the above-noted program.

#### UNFUNDED PROJECTS

Raquel Gonzalez Park	720,000
Bartlett Extension	1,200,000
Airport Recreation Complex	1,500,000
Other Parks	N/A
Recreation Center, Spur 400	700,000
Blaine/Milmo Drainage, Phase II	1,030,000
Century City Park	400,000
Park/Ride	400,000
Sidewalk ADA	408,000
	<b>6,358,000</b>

Cm. Casso spoke of one area that is not on the list, that was not added, but that he would like to discuss the extension of Bartlett all the way to Del Mar. He said that this area is extremely important because that whole area is going to boom. There is talk about a Regional Health Academic Center being built, and if that happens it is completely going to change that area. They will need more infrastructure in the area because that project is about \$4 million and they need to start working at design work which is approximately 10% of the project which is \$400,000. He concluded by saying that they need to start looking at this and start doing something in the area.

He also spoke of the extension on Cm. Valdez's district, the area of McPherson past Calton. He said they need to start looking at this area for a long term solution, they need to look at the cost because of the right-of-way acquisition and as to how they are going to displace these residents, unless council wants to come back in the summer and go with an Economic Development Corporation or something else.

He concluded by saying that they need to start looking long term, because that area is going to be a disaster in terms of traffic congestion. Bartlett is going to extend to Gale which is part of the plans, but they do need to connect it to Del Mar Blvd., they need to find those \$400,000 to start making the design as soon as possible.

Cm. Valdez was agreeing with Cm. Casso especially on the segment on McPherson between Calton Road and Saunders because the land use is going to change dramatically within the next couple of years. He said it needs to be addressed and looked into.

Mr. Pena stated that the Bartlett extension is on "Exhibit 8" on unfunded projects, it is all the way to Del Mar for \$1.2 million. They need to look as to how they are going to fund these projects and possibly others so they can develop their funded Capital Improvements Program after this program is wrapped up. There is an Economic Advisory Committee that will be working with Council in identifying projects that Council and the community feel that need to be implemented. They need to have a plan to do that. He is hoping that in the first and second quarter of 1998 they will focus on what those projects need to be so they can prepare a bond election to do some of these projects and establish the CIP for the next three to five years.

Cm. Bruni stated that they need to start finding the funding and need to expedite the Bartlett extension at \$1.2 million cost, and then from Bartlett to Sandman to Hillside is \$108,000 for a total of \$1,308,000. He asked if they are looking at a total of \$1,308,000 to complete the project?

Mr. Pena stated that \$4 million does not include right-of-way acquisition. The project might be more than that, the figure should be \$4 million.

Cm. Casso stated that the hospital is going to open in November of next year, there will be a lot of traffic, they need to earmark at least 10% for the design and need to start moving in this direction, they need to design five lane roads, because it will be a traffic nightmare if they do not anticipate what is going to happen.

Cm. Bruni said that they need to earmark for at least the design this evening.

Cw. Montalvo stated there is estimate of \$2,400,000 for Cm. Bruni's district and wants to know if they can cut down in one of the projects for the Manor Apartments.

Cindy Collazo, CD Director, spoke in reference to the Manor Apartments, she said that staff had met with Mr. Ozuna and Ron Anderson from TG-108. Initially the estimate was \$1.8

million, they brought it down to \$644,162.00 they had indicated that they had \$183,000 set aside for this project now if the city proceeds to provide the \$170,000 as presented this evening that would mean that they are still \$291,162 short. In a letter they indicated that they have approached the County Commissioners for assistance, they don't say that they would or that they did commit other than say they would help to find a solution, but that project would still be short \$291,000.

Cw. Moreno requested that when the list of projects is approved and if it is approved the way it is, that one of those projects (the Frost Project) in her district, that this project be one of the first ones done because they affect people and individual homes, whereby water comes into their homes and they have drainage problems.

Noe Hinojosa, City's Financial Advisor, presented the Council with a spreadsheet on funding rates and funding periods, interests, etc.

**Note:** No spreadsheet was given to the City Secretary for public review.

Mr. Rivera stated that \$400,000 would take them a long way even if they have to make the feasibility first and they can determine the actual cost that it would take. They can start the feasibility study and right-of-way acquisition with those monies.

Motion to include the \$400,000 contingent on surplus funds in the future and contingent upon the sale of bonds, to do the feasibility study and the design of that project (the Bartlett extension) even though that project is going to be developer geared, and that if there are additional monies that other projects be identified, then Council will come back for additional funding, if available.

Rosalinda Ramos, Manager of Manor Apartments spoke of drainage and flooding at Manor Apartments and showed video of the drainage problems that exist.

Cm. Guerra stated that the owners of the apartments are bringing \$183,000 and are participating on the cost of the overall project.

Cindy Collazo stated that if Council approves the \$170,000.00 then that leaves a balance of \$290,162, and based on their letter they are trying to get a loan from Federal Home Bank and were turned down because they were not bringing anything down to the table. Their letter indicated that they will pursue other funding sources.

Maria Elena Perez resident of the Laredo Manor Apartments spoke of the drainage problems and the flooding that occurs when it rains and said that students and residents cannot go to work or school.

Mr. Torres stated if they are going to approve the \$170,000 they can come back to Council with a plan on how they can secure the \$291,000.00 so that the project gets funded and built within the next 12 months.

Mayor Protem Perez stated they will be looking at the project at a future date.

Mayor Protem Perez read a letter from the Sierra Vista/Los Obispos area residents requesting the City to provide the parks that were scheduled to be built in that part of town for the 1997-1998 fiscal year. They urge council to continue aggressively with these projects without any delay. The letter included 17 signatures.

Motion to accept the projects as presented, and add the \$400,000 depending on the sale of the bonds, and the market at that time.

Moved : Cm. Casso

Second: Cm. Bruni

For: 7

Abstain: 0

Ms. Linda Barrera, Manager of Versailles Apartments, spoke of drainage problems at the apartments.

Mr. Rivera stated that the drainage system in place takes care of the problem there. The problem is that the parking lot is low, there is positive drainage towards IH-35, but when the ditches along IH-35 get full that drainage will not flow, it flows very slowly because the parking lot is lower

than Santa Maria. He concluded by saying that the drainage project that is ongoing will help.

Cm. Guerra stated he has a concern with Hilltop Project Phase II and wants to make sure that it is fully funded.

Mr. Rivera stated they had a meeting with G.G. Salinas, engineer for the project, and added they were proposing a bond for \$290,000. They have gone through the cost of the project in order to make the project go. In the plans they would be accessing property owners. The owners will be putting the entire cost for the sanitary sewer and part of the installation of the new water lines. The city will be footing the bill for replacement and/or adjustments of any existing water lines and services. The last figures that they have are \$290,000 in the bond there is about \$12,000 difference.

Mr. Salinas stated that project goes back three years, there are approximately 40 property owners, to this date they do not have sanitary sewer, and they don't have paving. He did all the engineering and surveying and not only he can benefit from developing the land, but the other neighboring property owners will also benefit. He said they are about \$11,653.00 apart, he has tried to meet the \$290,000.00 but this is as far as they got.

Keith Selman stated that they might have some room within the Gallagher proposal. He added that the Gallagher Project might not come out to \$200,000 (it might be lower) and if it is lower then they can supplement this project there.

Motion to add \$12,000.00 to complete the Hilltop Subdivision Project to the overall projects, contingent upon the bond sale.

Moved : Cm. Guerra

Second: Cm. Valdez

For: 7

Against: 0

Abstain: 0

Motion to secure \$20,000 for the two block stretch on Calle del Norte west of Amparo Gutierrez School that need sidewalks to connect to Springfield, contingent upon the sale of the bonds and as a joint venture between the City and UISD matching 50/50.

Moved : Cm. Valdez

Second: Cm. Guerra

For: 7

Against: 0

Abstain: 0

Cm. Perez clarified the motion, that they will add \$20,000 to the \$14,467,000.00 and now the total will be \$14,497,000.00 and that it will be a joint venture with Amparo Gutierrez Elementary School.

Mayor Protem Perez also said there is a proposal for \$1 million for drainage at Tinaja and wants to see if they can get \$50,000 from that project for a parking lot at the Cigarroa Complex together with the Laredo National Bank and a traffic light on Santa Barbara and Highway 83. He added that there will be construction at Chacon/Meadow Bridge and it will be difficult for people that live in the area to get out onto Highway 83. There is no study at this point for this project, but he would like to set aside those \$50,000 in case they qualify and once the study comes in.

Motion that Jarvis next to the Aldo Tatangelo Day Care Center under Project 61, be changed to be done first under Project 60, and that the 3000 Block of Bayard under Project 60 be reversed and be done under Project 61. To amend that from the \$1 million under District I that \$50,000 be for a parking lot at the Cigarroa Complex as a joint venture with the Laredo National Bank and a for traffic light on Santa Barbara and Highway 83, if warranted.

Moved : Cm. Guerra

Mayor Protem Perez said there were also some projects presented for 1998-99 under the Community Development Section and read them into the minutes as follows: Paving Project 61, Cruz Field, Tinaja/Chacon Drainage (Phase II), Blaine/Milmo (Final Design & Phase I) these are for council to consider for next year. Under CIF (Capital Improvement

Fund) they have the Santa Maria & Industrial Traffic Signal, Bartlett (Sandman to Hillside), Bob Bullock Loop at McPherson traffic light, Spur 400 lighting, Intersection Improvements, Speed Bump Program, and city wide sidewalks. He asked that they be included in the minutes and that they be included in next years budget workshops as priority projects because they are contingent to projects that they just accepted.

Motion to incorporate the 1998-99 CIF recommended projects and the 1998-99 Community Development Projects.

Moved : Cw. Moreno

Second: Cm. Bruni

For: 7

5. Presentation regarding the City's Three Year Street Recycling Program, with possible action.

Rogelio Rivera, City Engineer, delivered council a list of the proposed 1997-98, 1998-1999 and 1999-2000 Street Recycling Project list. He went over the projects and stated that the first year covers about 159 blocks, those have been cleared by utilities, but there are some utilities that have not responded to their requests for work pending. They have 159 that are ready to go and if approved they can start the design. There are a total of 529.5 blocks for the three years.

**Note:** See attached lists for proposed street recycling projects.

Cm. Bruni said that on previous meetings council recommended several streets that they wanted incorporated into the Street Recycling Program that are not shown on Mr. Rivera's list and asked the City Secretary for the minutes where those streets are mentioned. He wants a report of the streets recommended by council to be included into the Recycling Program.

Motion to accept the Three Year Street Recycling Project and if there are certain streets were left out by staff, that they be incorporated as part of the motion and that they be incorporated on the first year of the Three Year Recycling Project, unless it substantially affects the program.
