# CITY OF LAREDO

## CITY MANAGER'S OFFICE

---

### Memorandum

**To:** Mayor and City Council Members  
**From:** Carlos Villarreal, City Manager  
**Date:** July 2, 2012  
**Re:** 2013-2017 Capital Improvement Program

---

In accordance to City Charter, Article VI Financial Procedures, Section 6.05 Capital Program, I hereby submit the 2013-2017 Capital Improvement Program (CIP) for the City of Laredo. The CIP process is important in that it sets aside periods in time in which priorities are set and limited financial resources are allocated. The demand of being one of the fastest growing cities in the nation has dictated the aggressive approach the City has taken in its capital improvements program over the years. Additionally, the focus and success of completing capital projects has given the City a competitive edge during tough economic times.

In the last five years, the City of Laredo has issued \$133 million in tax supported contractual obligations and an additional \$271 million in revenue bonds for capital projects from self-supporting systems, including bridge, solid waste, drainage, water and wastewater. This heightened sale of contractual obligations and bonds totaling over \$400 million in five years for capital project funding has allowed for City Council's priorities to be met and the vision of our City to become a reality. We continue to push hard to complete those projects already funded and are always looking for sources of revenue and windows of opportunity to fund more.

While we continue operating in a very conservative budget and remain fiscally responsible across all City operations, the 2013-2017 Capital Improvements Program still has much to offer in the area of state and federal funding that is expected for major infrastructure projects in operations such as airport (FAA - \$14M), transit (FTA - \$5M), community development (CDBG - \$1.4M), and transportation (TXDOT - \$15.5M). Fiscal year 2012-2013 funding from state and federal agencies is proposed at a total of \$36M for various projects including reconstruction of an airport apron, Slaughter Park improvements, transit operations and maintenance facility, and construction of an interchange facility over McPherson Road to name a few.

Additionally, a tax supported contractual obligation is proposed in the estimated amount of \$8.5 million to complete major landfill projects, such as the essential construction of Cell 17 for landfill daily operations, and the implementation of a gas to energy system to utilize landfill gas production to create electricity through turbines. Revenue bonds for water and wastewater projects are also estimated in the amount of nearly \$17 million for next fiscal year to continue several maintenance and operations projects included in their capital projects master plan.

Altogether, the proposed 2013-2017 CIP includes over \$72 million in proposed projects for Fiscal Year 2013, and is a comprehensive program of hundreds of projects totaling more than \$576 million over the five years of programming.

The 2013-2017 Capital Improvement Program was prepared by the City Manager's Office, together with those departments whose projects are included. The support of the City Council in implementing the Capital Improvement Program has been steadfast. We look forward to working with you to make these projects a reality. Thank you.

**Project Name** Airport Noise Compatibility Program

**CIP Section** Transportation **Prior CIP #** 96-36-007  
**District(s)** All

**Total Project Cost: \$41,950,000**

### Description

This will implement FAR PART 150 Airport Noise compatibility plan which includes the purchase of residential developed land located south of the airport. This is an on-going project that is being accomplished in phases over the next approximate 10-years.

### Justification

To assist residents within the noise impacted areas by providing assistance with noise mitigation, land acquisition and relocation services.

**Project Name** Reconstruct Apron

**CIP Section** Transportation **Prior CIP #** 97-36-011  
**District(s)** All

**Total Project Cost:** \$22,715,000

**Description**  
 Reconstruct approximately 1.6 million sq.ft. of apron. FAA has funded Phase 1, 2, 3, 4 and 5. Phases 1, 2, 3, 4, and 5 are completed. Phase 6 was awarded on August 2011.

**Justification**  
 Apron pavement is being stressed. Reconstruction will enhance safety and capacity.

Construct a car rental service center to include five maintenance bays, parking lot for 150 vehicles, landscaping, fencing and access road.

**Justification**

To provide a service center for car rental companies that are airport tenants. Car rental companies will pay airport a fee for every car rental transaction to offset the design and construction cost of the rental car service center facility.

Expenditures	FY 13	FY 14	FY 15	FY 16	FY 17	Total
Design/Engineering		50,000				50,000
Construction		500,000				500,000
<b>Total</b>		<b>550,000</b>				<b>550,000</b>

Funding Sources	FY 13	FY 14	FY 15	FY 16	FY 17	Total
Private Sector Contribution		550,000				550,000
<b>Total</b>		<b>550,000</b>				<b>550,000</b>

**Budget Impact/Other**

Contingent upon the availability of future funding from the proposed imposition of a surcharge to daily car rental contracts.

**Project #** 06-AIR-009  
**Project Name** Construct Airport Federal Inspection Station

**CIP Section** Transportation **Prior CIP #** 04-36-002  
**District(s)** All

**Total Project Cost:** \$3,000,000

### Description

Construct an approximate 12,800 sq.ft. Federal Inspection Station (FIS) to service private & cargo aircraft arriving from International destinations, to include space for Mexican Customs. Funding is available.

### Justification

To re-direct general aviation and unscheduled flights needing to clear Customs to the west side of the airport and to allow only scheduled commercial airlines to access the main ramp to passenger terminal for enplanement and deplanement activity.

The FIS facility will also serve as a one stop shop for air cargo carriers and other aviation related companies who require services from American and Mexican customs, fixed base operators, and other aviation related services which would also generate additional rental revenue for the airport.

## City of Laredo, Texas

**Project #** 08-BR-001  
**Project Name** Security Control Devices

**CIP Section** Transportation **Prior CIP #**  
**District(s)** All

**Total Project Cost:** \$3,500,000

### Description

Automatic tire deflation devices or similar method used to slow down vehicles evading law enforcement agencies thru the international bridges.

### Justification

Devices to prevent vehicles from crossing the international bridges while evading law enforcement. It would also help reduce damages to gates and toll booths caused during these type of incidents. The city has experienced an increased number of incidents at the international bridges of vehicles evading capture by law enforcement. Having a system in place would deter these types of incidents and reduce the risk of damages to city property and increase employee safety.

Expenditures	FY 13	FY 14	FY 15	FY 16	FY 17	Total
Equipment				3,500,000		3,500,000
<b>Total</b>				<b>3,500,000</b>		<b>3,500,000</b>

Funding Sources	FY 13	FY 14	FY 15	FY 16	FY 17	Total

**Project #** 09-BR-004  
**Project Name** Toll Booth Extensions and Lane Barriers - Bridge I

**CIP Section** Transportation **Prior CIP #**  
**District(s)** All

**Total Project Cost:** \$360,000

### Description

Extension of toll booth islands and add lane protective barriers in four lanes  
 Lane barriers to protect employees and toll booths from vehicles during car chases by law enforcement.

### Justification

Toll booth islands need to be extended to provide protection to toll booth and pedestrian walkway by slowing down traffic traveling through lanes. Protective lane barriers are to protect the toll booth and employees during vehicle accidents with people trying to evade law enforcement.

## City of Laredo, Texas

**Project #** 11-BR-004  
**Project Name** Bus Processing Facility

**Type** Unassigned  
**Useful Life**  
**Category** Unassigned  
**Priority** 3 Essential  
**Status** Active

**CIP Section** Transportation **Prior CIP #**  
**District(s)** All

**Total Project Cost:** \$3,000,000

### Description

Bus Processing Facility to provide bus passengers entering the U. S. a facility with adequate amenities.

### Justification

Currently, there is no facility available to process bus passengers entering the U.S. The experience passengers receive now as they arrive enter the U.S. through the Laredo Port of Entry is not very inviting. There are no restroom facilities, no waiting area, no place to eat, passengers are forced to wait outside mostly in very hot weather while awaiting processing by CBP. The construction of a bus processing facility would provide bus passengers areas where passengers can rest and use restroom amenities. The facility would have retail outlets that would house restaurants and shopping. The experience passengers have as they enter the U.S. through our city would be positive.

Expenditures	FY 13	FY 14	FY 15	FY 16	FY 17	Total
Design/Engineering		150,000				150,000
Construction		2,850,000				2,850,000
<b>Total</b>		<b>3,000,000</b>				<b>3,000,000</b>

Funding Sources	FY 13	FY 14	FY 15	FY 16	FY 17	Total
Unfunded/Proposed CO		3,000,000				3,000,000
<b>Total</b>		<b>3,000,000</b>				<b>3,000,000</b>

### Budget Impact/Other

The operational cost of the facility would be for maintenance and operations. The retail outlets would be income generating to the city as they would be leased to different vendors.

## City of Laredo, Texas

**Project #** 08-HTH-011  
**Project Name** Vital Statistics/WIC-Logan Building Remodeling

**CIP Section** Health & Welfare  
**District(s)** 3  
**Prior CIP #**

**Total Project Cost:** \$3,450,000

### Description

Relocate and construct City Vital Records department to Logan Building, and will need Vault, Fire Suppression, and office space. In addition need to relocate WIC Program and other health services that need auditorium, offices, waiting area, kitchen, and training room.

### Justification

Population growth and increased need for birth, death, mortality and other health statistical data has required more efficiency and space. The capacity now is from 100 to over 200 records daily. Automation has made vital records a model but know needs space to become more customer service friendly. WIC serves over 6,500 persons monthly and needs space for waiting area, training, kitchen, and office space.

Expenditures	FY 13	FY 14	FY 15	FY 16	FY 17	Total
Design/Engineering		150,000				150,000
Construction		3,000,000				3,000,000
Equipment		300,000				300,000
<b>Total</b>		<b>3,450,000</b>				<b>3,450,000</b>

Funding Sources	FY 13	FY 14	FY 15	FY 16	FY 17	Total
Unfunded/Proposed CO		3,450,000				3,450,000
<b>Total</b>		<b>3,450,000</b>				<b>3,450,000</b>

### Budget Impact/Other

No impact in operations and maintenance for WIC. Vital records needs alarm system and maintenance \$10,000 per year.

## City of Laredo, Texas

**Project #** 10-HTH-001  
**Project Name** Upgrade Heating & A/C System (Phase II)

**CIP Section** Health & Welfare  
**District(s)** 4  
**Prior CIP #**

**Total Project Cost:** \$425,000

### Description

Continuation of upgrade to Heating and Ventilation and Air Condition (HVAC) System at the Health Department Complex (Phase II). Phase I being constructed now with Bond and Energy Conservation Grant. Finished June 2011.

### Justification

Existing HVAC System is inefficient and requires constant repairs/upgrades. Upgrading HVAC System will enhance customer service to both internal and external customers; as well as safety. Reduce maintenance and repair costs. Last 2 years paid over \$30,000 in repairs.

**Project Name** Market Street Courts

**CIP Section** Culture & Recreation      **Prior CIP #** 97-31-018  
**District(s)** 3

**Total Project Cost: \$400,000**

## Description

Improvements to the existing facility to include:

- Resurfacing of 9 tennis courts, replacement of existing sports lighting system (18 poles), replacing of wind screens, replacement of existing playground module (Completed in 2008)
- Partial re-habilitation of restrooms (Completed in 2009)
- Installation of shade structure over bleachers, rehabilitation of office building and other related improvements as needed.

## Justification

20 years old sports lighting system outdated. Courts are heavily used therefore resurfacing is needed.

<b>Project Name</b>	<b>Rio Grande Ecosystem Restoration</b>

Type Improvement

Useful Life

Category Unassigned

Priority 5 Desirable

Status Active

CIP Section Culture & Recreation

Prior CIP # 01-31-005

District(s) 8

**Total Project Cost: \$4,780,000**

### Description

The project would help to restore approximately 130 acres of the degraded ecosystem by enlarging existing wetlands, removing exotic plants, revegetating the existing aquatic and terrestrial systems with native plants species and restricting vehicular access to the area. Implementation of the project would substantially improve habitat for local wildlife, including three federally endangered species and several state listed threatened and endangered species.

### Justification

Eco-restoration & tourism

**Prior CIP #** 03-31-001  
**District(s)** 3

**Total Project Cost:** \$10,136,252

**Description**

Acquisition of land (Completed).  
 Design (funded by CDBG) and construction of the development of a community park on approx. 37 acres of land located south of Chacon St., north of the Rio Grande River, between Stone, and Tilden.

The design consists of the following:  
 3 soccer fields, 1 adult baseball field, 4 little league fields, walking trail, sports lighting, proper parking, perimeter fencing and irrigation system.(Completed in 2009)  
 1 concession/restroom building (under construction - Complete in 2010)

Design and construction of a shaded competitive size swimming pool at the existing Slaughter Park, bath house, bleachers/w shade structures and other amenities as deemed necessary.

Future phases will include a proposed train.  
 \*Maintenance operations will be impacted.

2012 reprogrammed funds: Construction of a park entrance and splash park  
 2013 CDBG Funding: Construction of a concrete bike trail which will be approximately 12 feet wide and be 1 mile long, a 8,250 sq. ft. pavilion, a skate park, and for other amenities

**Justification**

Metaform Studio is currently working on a revised master plan for Slaughter Park.

**Total Project Cost:** \$2,000,000

### Description

Helicopter  
 Searchlight System  
 Infrared Camera System  
 Radio System  
 Video Relay System

### Justification

The Laredo Police Department has a jurisdiction of over 83.44 square miles with an estimated daily population of over 400,000 people. This has propelled the City of Laredo into the class of a mid major city. Due to the increase in criminal elements, a helicopter is requested in order to serve as a deterrent to crime as well as a tool to aid the Laredo Police Department protect the citizens of Laredo. The air unit will help to eliminate long high speed chases and will aid in searches for criminals. It will also be utilized in states of emergency (floods, hurricanes, and other acts of god).

**CIP Section** Public Utilities **Prior CIP #** 05-42-008  
**District(s)** All

**Total Project Cost:** \$55,976,608

### Description

Current plant stands at 6 MGD capacity but maintains a permitted final phase allowance to expand to 12 MGD. Due to increased flows at this plant, proceeding to final phase of plants expansion is recommended. The expansion will be done in two phases: Phase 1- 1.5 MGD, Phase 2 - 4.5 MGD.

### Justification

This expansion will initially meet TCEQ regulations and provide for future growth of South Laredo.

Prior	Expenditures	FY 13	FY 14	FY 15	FY 16	FY 17	Total

**Project Name** Line Rehabilitation and Contingency Water Breaks

**CIP Section** Public Works **Prior CIP #** NEW  
**District(s)** All

**Total Project Cost:** \$58,055,000

**Description**

There are 708 miles of water lines in the distribution system. Presently, there is an average of 1.2 water line breaks each day. These funds will be utilized to replace the majority of those streets that have from 16.0 to 51.4 breaks per mile, as well as, those streets in the recycle program: a) 4" and smaller will be replaced with 6" unless on cul de sac less than 500' or side walk line; b) 6" ductile iron if older than 30 years; 6" will be upgraded to 8" if needed to improve grid (6" lines have disproportionate frequency of breaks) c) Other sizes having break history; 10" will be replaced with 12" and 14" will be replaced with 16" (10" and 14" pipes are orphan sizes with fittings being increasingly costly and difficult to obtain).

West Laredo near San Francisco Javier Church & Laredo Community College.

Laredo Housing 10 - 8" Gate Valves & Fire Hydrants at a cost of 60,000.

Alta Vista (Cyprus, Hemlock and others in that subdivision).

24" Transmission Main on Ejido from Monterrey to Cuatro Vientos EST:

16" Transmission main on Loop 20 north of Wal-Mart.

\*\*\*These projects although consists of new alignments will provide for replacement of existng services of undersized lines.

**Project #** 11-WAT-001  
**Project Name** Modeling Project for Water

**CIP Section** Public Utilities **Prior CIP #**  
**District(s)** All

**Total Project Cost:** \$250,000

**Description**  
 Computer model software and labor to calculate the water flow on 8" to 60" transmission and distribution lines.

**Justification**  
 To provide rapid response to the distribution system abnormalities and chloride residual verification.

**Project Name** 3 Million Gallon Elevated Tank at San Isidro NE

**CIP Section** Public Utilities **Prior CIP #**  
**District(s)** All

**Total Project Cost:** \$4,400,000

**Description**  
 Construction of a 3 milion gallon Elevated Tank at a max elevation of 800 feet above sea level. This tank will be receiving water from El Pico WTP via the 60" and 36" transmission main and will deliver water to Mines Rd., San Isidro and Winfield initially. It is part of the Master Plan to provide water to East and South Laredo. This is part of the requirement of the design of the 60" Transmission Main and the surge tank at El Pico WTP.

# Glossary

**Capital Improvement Program**

Glossary

**Accountability** — The state of being obliged to explain one's actions, to justify what one does. Accountability requires governments to answer to the citizenry to justify the raising of public resources and the purposes for which they are used.

**Accounting System** — The methods and records established to identify, assemble, analyze, classify, record and report government's transactions and to maintain accountability for the related assets and liabilities.

**Activity** — A specific and distinguishable service performed by one or more organizational components of a government to accomplish a function for which the government is responsible (e.g. police is an activity within the public safety function).

**Ad Valorem Tax** — A tax based on value (e.g. a property tax)

**Allotment** — A part of an appropriation that may be encumbered or expended during a given period.

**Annual Budget** — A budget applicable to a single fiscal year.

**Appropriated Budget** — The expenditure authority created by the appropriation bills or ordinances, which are signed into law, and the related estimated revenues. The appropriated budget would include all reserves, transfers, allocations, supplemental appropriations and other legally authorized legislative and executive changes.

**Appropriation** — A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation usually is limited in amount and time it may be expended.

**Assessed Valuation** — A valuation set upon real estate or other property by a government as a basis for levying taxes.

**Assessment** — The process of making the official valuation of property for taxation, or the valuation place upon property as a result of this process.

**Asset** - A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events.

**Bonded Debt** — The portion of indebtedness represented by outstanding bonds.

**Bond Ordinance Or Resolution** — An ordinance or resolution authorizing a bond issue.

**Bonds Authorized and Unissued** — Bonds that have been authorized legally but not issued and that can be issued and sold without further authorization.

**Bond Issued** — Bonds sold by the government.

**Budget** — A plan of financial operation estimating expenditures for a given period and the proposed means of financing them. Used without a modifier, the term indicates a financial plan for a single fiscal year. The term "budget" may designate the financial plan presented to the governing body for approval or the plan adopted by the body.

**Budgetary Accounts** – Account used to enter the formally adopted annual operating budget into the general ledger as part of the management control technique of formal budgetary integration.

**Budgetary Control** – The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations or available appropriations and available revenues.

**Budget Document** – The document which contains a comprehensive financial program for the approval of the appropriating governing body. The budget document usually consists of three parts: a message from the budget-making authority and a summary of proposed expenditures and the means of financing them; schedules supporting the revenues, expenditures and other data used in making the estimates; and drafts of the appropriation, revenue and borrowing measures necessary to put the budget into effect.

**Budget Message** – A general discussion of the proposed budget as presented in writing by the budget-making authority to the legislative body.

**Capital Expenditures** – Expenditures resulting in the acquisition of or addition to the government's general fixed assets.

**Capital Program** – A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or other capital needs. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the resources estimated to be available to finance the projected expenditures.

**CDBG** – Funding source includes revenues received from the Community Development Block Grant Program.

**Certificates of Obligation (C.O.)** – Funding source includes proceeds of City of Laredo combination tax and special revenue certificates of obligation issued and outstanding. Unlike General Obligation Bonds (G.O.) which requires voter approval, all C.O.'s require only City Council approval.

**CIP Fund** – Funding source includes transfer from the Bridge System, the General Fund, the Transit Fund, and Hotel-Motel Fund.

**C.O.'s Proposed** – Funding source includes proposed City of Laredo combination tax and special revenue certificates of obligation. These certificates are not yet issued. Unlike General Obligation Bonds (G.O.) which requires voter approval, all C.O.'s require only City Council approval.

**Debt** – An obligation resulting from the borrowing of money or from the purchase of good and services. Government debt includes bonds, time warrants and notes.

**Debt Limit** – The maximum amount of outstanding gross or net debt legally permitted by law.

**Debt Service Fund** – A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Sometimes referred to as a SINKING FUND.

**Debt Service Fund Requirements** – The resources which must be provided for a debt service fund so that all principal and interest payments can be made in full and on schedule.

Expenditures – Decrease in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

Expenses – Outflow of resources, use of assets, or the incurring of liabilities, or a combination.

Fiscal Period – Any period at the end of which a government determines its financial position and the results of its operations.

Fiscal Year – A 12-month period to which the annual operating budget applies.

Fixed Budget – A budget setting forth dollar amounts that are not subject to change based on the volume of good or service to be provided.

Formal Budgetary Integration – The management control technique through which the annual operating budget is recorded in the general ledger through the use of budgetary accounts. It is intended to facilitate control over revenues and expenditures during the year.

Fund – A fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities, or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

Fund Balance – The difference between fund assets and fund liabilities of governmental and similar trust funds.

Fund Type – The fund used to account for all financial resources, except those required to be accounted for in another fund.

General Revenues – Funding sources include revenues from the General Fund, Water Fund, Sewer Fund, Airport Fund, and Transit Fund.

General Obligation Bonds (G.O.'s) – City of Laredo funding sources include general obligation bonds issued and outstanding. G.O. Bonds require voter approval, and are issued with City Council approval.

G.O. Bonds Proposed – City of Laredo funding sources include proposed general obligation bonds. These are bonds that have not yet been issued or may not yet have been approved by the voters. All G.O. bonds require authorization by the voters.

Generally Accepted Accounting Principles (GAAP) – Uniform minimum standards and guidelines for financial accounting and reporting that govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guideline of general applications, but also detailed practices and procedures.

Generally Accepted Auditing Standards (GAAS) – Standards established by the AICPA for the conduct and reporting of financial audits. There are 10 basic GAAS, classed into three broad categories: general standards, standards of field work and standards of reporting. The Auditing Standards Board of the AICPA publishes SAS to comment and expand upon these basic standards. These SAS, together with the 10 basic

standards, constitute GASS. These GASS set forth the objectives of the audit and establish measures that can be applied judge the quality of its performance.

Governmental Accounting – The composite activity of analyzing, recording, summarizing, reporting and interpreting the financial transactions of governments.

Income – A term used in proprietary fund-type accounting to present (1) revenues or (2) the excess of revenues over expenses.

Income Before Operating Transfers – Proprietary fund operating income plus non-operating revenues and minus non-operating expenses.

Lease-Purchase Agreements – Contractual agreements that are termed leases, but that in substance are purchase contracts.

Legal Level of Budgetary Control – The level at which spending in excess of budgeted amounts would be a violation of law.

Levy – (1) (Verb) To impose taxes, special assessments or service charges for the support of government activities, (2) (Noun) The total amount of taxes, special assessments of service charges imposed by a government.

Local Match – Funding sources include revenues from the General Fund, Airport Fund, Water Fund, Sewer Fund, CDBG Fund, and other funds.

Liabilities – Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events.

Machinery and Equipment – Property that does not lose its identity when removed from its location and is not changed materially or consumed immediately (e.g. within one year) by use.

Maintenance – The act of keeping capital assets in a state of good repair. It includes preventive maintenance, normal periodic repairs, replacement of parts, structural components and so forth and other activities needed to maintain the asset so that it continues to provide normal services and achieves its optimum life.

Net Income – Proprietary fund excess of operating revenues, non-operating revenues and operating transfers out.

Obligations – Amounts a government may be required legally to meet out its resources. They include not only actual liabilities, but also unliquidated encumbrances.

Other Revenues – Funding sources include revenues from the Transit System (1/4 cent) sales tax, Hotel-Motel taxes, Street Closing revenues, Interest from G.O. and C.O. bond proceeds, private contributions, and other.

Operating Budget – Plans of current expenditures and the proposed means of financing them. The annual operating budget (or, in the case of some state governments, the biennial operating budget) is the primary means by which most of the financing, acquisition, spending and service delivery activities of a

government are controlled. The use of annual operating budgets is usually required by law. Even when not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government.

**Ordinance** – A formal legislative enactment by the governing body of a municipality. If it is not in conflict with any higher form of law, such as a state statute of constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies the difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status. Ordinarily, the statutes or charter will specify or imply those legislative actions that must be by ordinance and those that may be by resolution. Revenue-raising measures, such as the imposition of taxes, special assessments and service charges, universally require ordinances.

**Pledged Revenues** – Funds generated from revenues and obligated to debt service or to meet other obligations specified by the bound contract.

**Program** – Group activities, operations or organizational units directed to attaining specific purposes or objectives.

**Replacement Cost** – The amount of cash or other consideration that would be required today to obtain the same asset or its equivalent.

**Reserved Fund Balance** – Those portions of fund balance that are not appropriable for expenditure or that are legally segregated for a specific future use.

**Resolution** – A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

**Retained Earnings** – An equity account reflecting the accumulated earning of an enterprise or internal service fund.

**Revenues** – (1) Increases in the net current assets of a governmental fund type form other than expenditure refunds and residual equity transfers. Also, general long-term debt proceeds and operating transfer-in are classified as “other financing sources” rather than as revenues. (2) Increases in the net total assets of a proprietary fund type from other than expense refunds, capital contributions and residual equity transfers. Also, operating transfers-in are classified separately from revenues.

**Risk Management** – All the ways and means used to avoid accidental loss or to reduce its consequences of it does occur.

**Self-Insurance** – A term often used to describe the retention by an entity of a risk of loss arising out of the ownership of property or from some other cause, instead of transferring that risk to an independent third party through the purchase of an insurance policy. It is sometimes accompanied by the setting aside of assets to fund any related losses. Because no insurance is involved, the term self-insurance is a misnomer.

**Special Assessment** – A compulsory levy made against certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit primarily those properties.

**Special Assessment Bonds** – Bonds payable from the proceeds of special assessments. If the bonds are payable only from the collections of special assessments, they are known as special assessment bonds. If,

in addition to the assessments, the full faith and credit of the government are pledged, they are known as general obligation special assessment bonds.

Sub Function – A grouping of related activities within a particular government function (e.g. police is a sub function of the function public safety).

Taxes – Compulsory charges levied by a government of finance services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits, such as special assessments. Neither does the term include charges for services rendered only to those paying such charges (e.g., sewer service charges).

TxDOT – Funding sources include revenues managed by the Texas Department of Transportation, including state and federal sources.

Tax Levy Ordinance – An ordinance through which taxes are levied.

Tax Rate – The amount of tax stated in terms of a unit of the tax base.

Tax-Rate Limit – The maximum rate at which a government may levy tax. The limit may apply to taxes raised for a particular purpose or to taxes imposed for all purposes and may apply to a single government or to a class of governments operating in a particular area. Overall tax-rate limits usually restrict levies for all purposes and of all governments, state and local, having jurisdiction in a given area.

Tax Roll – The official list showing the amount of taxes levied against each taxpayer or property.

Tax Supplement – A tax levied by a local government having the same base as a similar tax levied by a higher level of government, such as a state. The local tax supplement is frequently administered by the higher level of government along with its own tax (e.g., locally imposed, state-administered sales tax).

Unencumbered Allotment – That portion of an allotment not yet expended or encumbered.

Unencumbered Appropriation – That portion of an appropriation not yet expended or encumbered.

Utility C.O. Bonds – This funding source includes proceeds from City of Laredo combination tax and special revenue certificates of obligation issued and outstanding. These bonds are paid with a combination of tax and utility revenues.
