**Project #** 06-AIR-003  
**Project Name** Airport Noise Compatibility Program

**CIP Section** Transportation **Prior CIP #** 96-36-007  
**District(s)** All

**Total Project Cost:** \$53,561,115

**Description**  
 This will implement FAR PART 150 Airport Noise compatibility plan which includes the purchase of residential developed land located south of the airport. This is an on-going project that is being accomplished in phases over the next approximate 10-years.

**Justification**  
 To assist residents within the noise impacted areas by providing assistance with noise mitigation, land acquisition and relocation services.

## City of Laredo, Texas

**Project #** 06-AIR-005  
**Project Name** Reconstruct Apron

**CIP Section** Transportation **Prior CIP #** 97-36-011  
**District(s)**

**Total Project Cost:** \$59,294,993

**Description**  
 Reconstruct approximately 1.6 million sq.ft. of apron. FAA has funded Phase 1, 2, 3, 4, 5, 6, 7 and 8. Phases 1 thru 8 are completed. Phase 9 is programmed for funding and construction during 2017. Several more Phases (10,11, and 12) remain to be funded and constructed.

**Justification**  
 Apron pavement is being stressed. Reconstruction will enhance safety and capacity.

Prior	Expenditures	FY 18	FY 19	FY 20	FY 21	FY 22	Total
34,551,904	Design/Engineering	371,003	573,023	497,265	444,445	444,445	2,330,181

## City of Laredo, Texas

**Project #** 06-AIR-008  
**Project Name** Rental Car Service Center

**CIP Section** Transportation **Prior CIP #** 98-36-011  
**District(s)** 5

**Total Project Cost:** \$1,500,000

**Description**  
 Construct a car rental service center to include five maintenance bays, parking lot for 150 vehicles, landscaping, fencing and access road.

**Justification**  
 To provide a service center for car rental companies that are airport tenants. Car rental companies will pay airport a fee for every car rental transaction to offset the design and construction cost of the rental car service center facility.

Expenditures	FY 18	FY 19	FY 20	FY 21	FY 22	Total
Design/Engineering			200,000			200,000

**Project #** 06-AIR-012  
**Project Name** Runway 17L/35R Extension

**CIP Section** Transportation **Prior CIP #** 97-36-016  
**District(s)** All

**Total Project Cost:** \$25,000,000

**Description**  
 Extend runway 17L and installation of an instrument landing system (ILS) at Runway 17L/35R to enable precision landings. Acquisition of approximately 35 acres of Land for Runway protection zone.

**Justification**  
 The City has already invested \$2.3 million to acquire 18 acres of land.

Expenditures	FY 18	FY 19	FY 20	FY 21	FY 22	Total

**Project #** 13-AIR-015  
**Project Name** Instrument Landing System

**CIP Section** Transportation **Prior CIP #**  
**District(s)** 5

**Total Project Cost:** \$4,444,445

### Description

Upgrade existing ILS including Localizer to Runway 17R and add a second ILS to Runway 17L.

### Justification

The existing ILS is old generation equipment prone to failure. A new generation ILS will enhance safety.

The second ILS will enhance safety and help ensure that at minimum one ILS will be in operating condition at all times.

**Description**

Infrastructure for Rebuilding America (INFRA) Grant Laredo Bundle \$22,000,000  
 TxDOT, the City of Laredo, Webb County and the Webb County – City of Laredo Regional Mobility Authority will participate in a project to benefit the community provide a more efficient transportation facility on the State highway system.  
 The Laredo Bundle consists of the construction of:  
 Five direct connectors (a.k.a. flyovers at the US 59 Loop20/I-35 Interchange (\$115,000,000 construction cost), and  
 One Eastbound Mainlane to the I69 Loop 20 highway segment from the City of Laredo’s World Trade Bridge to I-35 (\$15,000,000 construction cost).  
 This work would directly improve travel on three international freight corridors (I-35 / I-69 / Ports-to-Plains).

**Justification**

Improve traffic flow in the West side of the City

**Type** Land acquisition

**Useful Life** life

**Category** Unassigned

**Priority** 3 Essential

**Status** Active

**CIP Section** General Government

**Prior CIP #**

**District(s)** Citywide

**Total Project Cost:** \$5,669,523

**Description**

The State of Texas, by and through its Department of Transportation, has deemed it necessary to make highway improvements on Loop 20 from International Boulevard to BU 59/Loop 20 Interchange, the improvements (being the widening of this section of Loop 20 and construction of improvements to interstate highway standards) necessitate the acquisition of right-of-way. 43 TAC §15.55 requires the City of Laredo, as the Local Government, to participate in the cost of the right-of-way acquisition. The City of Laredo has been presented with an Agreement to Contribute Right of Way Funds (Fixed Price) by TxDOT requiring the City contribute, after an Economically Disadvantaged County (EDC) Adjustment, \$5,669,523 which said sum is the City's SIB loan request.

**Justification**

Assist with Congestion - West Side of City

**District(s)** 4

**Total Project Cost:** \$250,000

**Description**

Resurface parking lot, paint parking spaces, steps, walkways and resurface center patio and children's playground. FY 2017

Continue repairs and painting and start construction of brick and wrought iron fence for security protection and enhancing structural design of perimeter. FY 2019

Finish fence. FY 2020

**Justification**

Parking lot of complex is in need of severe repairs. It has several depressions, pot holes, needs striping, painting of parking spaces, center patio has holes and depressions, needs resurfacing as well as the children's playground (has holes, depressions and chips). This is mainly a safety but also a decorum issue. FY 2017

Safety issues due to potential liability - two cases.

Remodeling, painting, flooring, bathroom fixtures is needed to enhance customer service, ensure safety of both staff and public and add to esthetics to be done in FY 2018.

Build fence to add to the perimeter safety and reduce vandalism and theft to city, private and the public's vehicles and equipment. FY 2019 & FY 2020

**Project #** 08-HTH-011  
**Project Name** Vital Statistics Vault & Server Room\*\*

**CIP Section** Health & Welfare      **Prior CIP #**  
**District(s)** 3

**Total Project Cost:** \$1,180,000

**Description**

Installation of Fire suppression for vital statistics vault and data system and server room.

Install vital statistics vault fire suppression. FY 2018

Design and start installation of fire suppression for server room. FY2019

**Justification**

Need to preserve the vital records (birth and death) as well historical documents of vital importance in case of fire. Present system does not work and is outdated needs to be replaced. The server room is the control for our health department data system and information technology services and also needs fire suppression protection.

**Project #** 16-HTH-001  
**Project Name** Heath Department Roof

**CIP Section** Health & Welfare  
**District(s)** 4

**Prior CIP #** 09-00-001

**Total Project Cost:** \$900,000

**Description**  
 Replace roof at 2600 Cedar as it leaks and has had several patch work done but it is 30 yrs. old and in serious need of replacement and resurface parking lot has serious holes and the public is constantly falling. (Urgent) FY 2018. Funding for project is short \$100,000 - proposed to be funded with 2018 CO

**Justification**  
 Repairs are for safety of both the public and staff (keep rain out and have appropriate roofing cover), assure structural stability and ensure appropriate housing.

**Project Name** Sports Complex-Tennis Courts

**CIP Section** Culture & Recreation  
**District(s)** 5  
**Prior CIP #**

**Total Project Cost:** \$6,000,000

**Description**

Construction of a sports complex in partnership with Texas A&M International University (TAMIU). The Sports Complex would be located at the TAMIU campus and operate through a long term use agreement with TAMIU that ensures the citizens of the City realize the full use and benefit of the Sports Complex.

The Sports Complex will be comprised of eight baseball fields, four softball fields, four multi-purpose youth fields and twenty-one tennis courts. The City will be responsible for expenses related to the maintenance and operations of the baseball, softball and youth fields; and TAMIU will be responsible for expenses related to the maintenance and operations of the tennis courts and parking areas.

The Sports complex will be used for professional and amateur sports events, community events, or other sports events, including baseball and tennis tournaments and promotional events, and other civic or charitable events.

**Project #** 17-POL-002  
**Project Name** Construction of New PD Annex Bldg.

**CIP Section** Public Safety **Prior CIP #** 04-23-001  
**District(s)** All

**Total Project Cost:** \$7,150,000

**Description**  
 Construction of Multipurpose Building/Reconstruction of Building 60 (Annex Building). 75 year old building is currently deteriorated and any maintenance or remodeling would be extremely costly due to asbestos issues.

**Justification**  
 The building will house certain divisions of the Police Department including, Detective, Training, Narcotics, Juvenile Enforcement Team, Special Investigative Unit (SIU), SWAT and Finance sections. There is currently a lack of space due to an increase in personnel and no increase in office space or facilities for the department. Building 60 was part of the Laredo Air Force Base which was first activated in 1942; the base was inactivated in 1973 and was turn over to the City of Laredo. Building 60 is still in use by the Police Department; however as a result of age, structural problems have arisen. Some of which include, sloping and sinking floors, cracking walls and plumbing issues. Building 60 is approximately 16,000sq.ft. and the Police Department has outgrown this dilapidated building. In addition, the department wants to house the Narcotics offices and replace the offsite warehouse property room.

**Category** Unassigned

**Priority** 3 Essential

**Status** Active

**CIP Section** Public Safety

**Prior CIP #**

**District(s)** All

**Total Project Cost:** \$250,000

### Description

This project would include the addition of parking lot space in the Police Department Annex Building and the parking lot resurfacing and stripping of the 20 year old Main Building Parking Lot.

### Justification

The Annex Building, built in 1942, has never had a parking lot. Visitors and employees have to resort to parking in an unpaved and rocky area. When weather is bad, the parking lot becomes muddy and flooded. Since the building of the New Police Department in 1996, the asphalt has started cracking due to wear and tear. Therefore the resurfacing and stripping of the Main Building parking lot is necessary since there have been no repairs in 20 years. When it rains the water settles into those cracks causing them to expand.

**Project #** 17-POL-004  
**Project Name** Police Prefab Insulated Metal Bldg/Gym Space

**CIP Section** Public Safety **Prior CIP #**  
**District(s)** Citywide

**Total Project Cost:** \$50,000

### Description

To provide an enclosed structure (prefabricated insulated metal building) which will be used for an advanced fitness center.  
 Note: Please see attached sample floor plan (may be subject to change).

### Justification

The Laredo Police Department has been working on implementing a voluntary fitness program. In the law enforcement field fitness has a direct impact on job performance. A total fitness and wellness program not only provides benefits to participants, but also to the agency that establishes such a program. Individual officers benefit from an improved ability to perform job functions, reduced stress, and better physical and psychological preparation. The agency as a whole benefits by having better physically and mentally prepared officers. Through this acquisition, not only do we stand to benefit in terms of efficiency, but fiscally as well. Physically fit officers are less likely to be injured or retire on disability, thus reducing the costs of disability payments and the hiring and training of new employees. Studies have repeatedly shown that physical fitness has a direct impact on reducing injuries and improving personal well-being as well as work performance. Our current gym is noticeably small, and we want to give our officers the adequate space to exercise and stay fit. The prefab insulated metal building will provide the additional space required for this.

**District(s)** Citywide

**Total Project Cost:** \$5,465,624

Description	
In this project we are proposing the purchase of Sanchez O'Brien building #374 (21,790 sq. ft.) and land (5.8920 Acres). Our plans are to renovate this building to accommodate various divisions that are spread out throughout the city and to eliminate extensive monthly rentals. In addition, we are proposing to purchase the airport land on 4810 Maher Avenue, otherwise known as PD Building 60. The plan is to demolish building 60 and build a suitable 16,000sq.ft. property room; currently we have outgrown our facility to store stolen property. Building 60 is 75 years old and has many structural problems that includes sloping and sinking floors, cracking walls, roof leaks and plumbing issues. This building has never been cleared of asbestos and many employees work in this building.	
Purchase of Building#374	\$2,436,934
Renovations	\$1,000,000
Purchase of Building 60	\$ 228,690
Demolition of Building 60	\$ 500,000
Construction of Property Room	\$1,000,000
Design/Engineering	\$ 300,000
<b>Total</b>	<b>\$5,465,624</b>

Justification
The purchase of the land and buildings with renovations will result in a solution to an ongoing problem that will last for the next three decades. With this purchase the Laredo Police Department will be able to centralize all its divisions and operations within a three block radius. Currently we have 3 separate locations for which we pay rent. In total we pay \$16,000 monthly; a savings of \$192,000 annually. Potential assistance to Transit due to a the vacancy of PD to provide other tenants @ higher rents.

Expenditures	FY 18	FY 19	FY 20	FY 21	FY 22	Total
Acquisition				2,665,624		2,665,624
Design/Engineering				300,000		300,000
Construction					2,000,000	2,000,000
Demolition					500,000	500,000
<b>Total</b>				<b>2,965,624</b>	<b>2,500,000</b>	<b>5,465,624</b>

<b>Total</b>				<b>2,965,624</b>	<b>2,500,000</b>	<b>5,465,624</b>

Budget Impact/Other	
This project will cover all the current projects in the Capital Improvements Program that presently totaled \$13,800,000. In addition, by purchasing the land and buildings (Sanchez O'Brian and PD Building 60) from the Airport Department we will be able to consolidate the following divisions and save on the rent we currently pay.	
LA Ventures- Warehouse (Bomb Squad)	\$4,510.00
Adex Trading- Warehouse (Property)	\$3,500.00
Airport Lease-Bldg 60 (Various Divisions)	\$6,203.66
Transit Center Parking Rent	\$ 180.00
Transit Building Rent	\$1,855.67
<b>Total</b>	<b>\$16,249.33 (Approx. \$195,000/year)</b>

<b>Description</b>
Truck wash to keep all our equipment clean, we need an efficient system and building. The old truck wash is being shared with the fleet mechanic shop, they could use the entire building.

<b>Justification</b>
The truck wash could wash the entire fleet quickly, we bring in staff every Wednesday to wash refuse trucks so that they can be used to pickup recycle and not contaminate product. Also the fleet shop shares building has out grown their area and they could use the whole building.

### Description

Sideloader Refuse Trucks 7 (seven) \$290,000.00 each,  
 Rearloader Refuse Trucks 1 (one) \$200,000.00 each,  
 Landfill Front Loader 1 (one) \$400,000.00 each,  
 Pickups 2 (two) crewcabs 4 x4 diesel, \$55,000.00 each,

### Justification

Side loader and Rear loader Refuse Trucks need to be replace every five years or 10,000 hours.  
 Front loader landfill tractor needs to be replace, all older equipment are over 10,000 hours,  
 Replace two older pickups with high mileage or over in hours.

**Project Name** Bartlett Extension to Hwy 83

**CIP Section** Public Works **Prior CIP #** 02-22s-22  
**District(s)** 3

**Total Project Cost:** \$12,782,000

**Description**  
 Phase 1: Street Improvements from Guatemozin to US 83, retaining walls, drainage, ROW acquisition, demolition, and reconstruction of existing Meadow Bridge over Tex-Mex RR Crossing. Project length is approximately 8,000 LF or 24 blocks, including two (2) grade separations and re-striping of approximately 18 blocks with new traffic signage/resurfacing for eventual one-way pairing north, while Meadow is converted to one-way south.

**Justification**  
 In the event the bridge along Meadow and Guatemozin needs to be replaced, we will need to find alternate route.

## City of Laredo, Texas

**Project #** 13-TRAF-005  
**Project Name** Traffic Signal - Communication Upgrade

**CIP Section** Transportation **Prior CIP #**  
**District(s)** Citywide

**Total Project Cost:** \$300,000

**Description**

Update the existing traffic signal spread spectrum radio communication system to digital / Ethernet base system. Update the traffic signal controllers to standard Ethernet compatibility.

Cit Council moved project from 2018.

**Justification**

The current traffic signal control communication system is outdated and is in need of being upgraded to a national standard NTCIP. This national standard type of communication will allow universal control over the traffic signal network from the traffic management center.

<b>Expenditures</b>	<b>FY 18</b>	<b>FY 19</b>	<b>FY 20</b>	<b>FY 21</b>	<b>FY 22</b>	<b>Total</b>

**Project Name** Traffic Signal - Ejido and Chacota

**CIP Section** Transportation **Prior CIP #**  
**District(s)** 1

**Total Project Cost:** \$150,000

**Description**  
 Improve the geometry and install a traffic signal at the intersection of Ejido Avenue and Chacota Street.

**Justification**  
 The intersection of Chacota Street and Ejido Avenue currently operates under all-way stop control. The intersection geometry needs to be improved and a traffic signal installation should be considered for better traffic flow.

**Type** Improvement

**Useful Life** 20

**Category** Unassigned

**Priority** 3 Essential

**Status** Active

**CIP Section** Transportation

**Prior CIP #**

**District(s)** IV, V, VI

**Total Project Cost:** \$895,000

### Description

2015 HSIP - Upgrade 17 traffic signals along McPherson Road between Loop 20 and US59, to include the controller, cabinet, vehicle detection and communication.

City Council moved from 2018 recommendation.

### Justification

This is a 2015 HSIP award to upgrade 17 traffic signals along McPherson Road with a 10% funding match. There is up to a 10% review fee payable to TxDOT. Engineering is the responsibility of the City of Laredo.

Expenditures	FY 18	FY 19	FY 20	FY 21	FY 22	Total
Design/Engineering		175,000				175,000
Construction		720,000				720,000
<b>Total</b>		<b>895,000</b>				<b>895,000</b>

Funding Sources	FY 18	FY 19	FY 20	FY 21	FY 22	Total

**Category** Unassigned

**Priority** 3 Essential

**Status** Active

**CIP Section** Public Works

**Prior CIP #** NEW

**District(s)** All

**Total Project Cost:** \$56,685,391

### Description

The construction of the 9.5 MGD Manadas Creek WWTP in West North West Laredo will provide service to the Mines Road area as well as relieving the overloading conditions of the existing 24" Wastewater line on Mines Road and the 36" Wastewater Line on IH 35. The estimated cost of this project is \$4,000,000 for design, \$3,000,000 for land acquisition and \$48,000,000 for construction.

### Justification

This will eliminate the overloaded conditions on the 36" WW Interceptor from Del Mar Blvd. to Canal and decrease the load at Zacate Creek WWTP.

Prior	Expenditures	FY 18	FY 19	FY 20	FY 21	FY 22	Total
8,685,391	Construction	48,000,000					48,000,000

## City of Laredo, Texas

**Project #** 07-WAT-003  
**Project Name** Line Rehabilitation and Contingency Water Breaks

**CIP Section** Public Works **Prior CIP #** NEW  
**District(s)** All

**Total Project Cost:** \$62,240,274

**Description**

There are 1,034 miles of water lines in the distribution system. Presently, there is an average of 1 water line break each day. These funds will be utilized to replace the majority of those streets that have from 16.0 to 51.4 breaks per mile, as well as, those streets in the recycle program: a) 4" and smaller will be replaced with 6" unless on cul de sac less than 500' or side walk line; b) 6" ductile iron if older than 30 years; 6" will be upgraded to 8" if needed to improve grid (6" lines have disproportionate frequency of breaks) c) Other sizes having break history; 10" will be replaced with 12" and 14" will be replaced with 16" (10" and 14" pipes are orphan sizes with fittings being increasingly costly and difficult to obtain).

West Laredo near San Francisco Javier Church & Laredo Community College.  
 San Dario from Calle del Norte to Hillside  
 Lane Street - 20 blks

\*\*\*These projects although consists of new alignments will provide for replacement of existng services of undersized lines.

**Justification**

To replace old waterlines.

**Glossary**

**Capital Improvement Plan**

## *Glossary*

*Accountability* — The state of being obliged to explain one's actions, to justify what one does. Accountability requires governments to answer to the citizenry to justify the raising of public resources and the purposes for which they are used.

*Accounting System* — The methods and records established to identify, assemble, analyze, classify, record and report government's transactions and to maintain accountability for the related assets and liabilities.

*Activity* — A specific and distinguishable service performed by one or more organizational components of a government to accomplish a function for which the government is responsible (e.g. police is an activity within the public safety function).

*Ad Valorem Tax* — A tax based on value (e.g. a property tax)

*Allotment* — A part of an appropriation that may be encumbered or expended during a given period.

*Annual Budget* — A budget applicable to a single fiscal year.

*Appropriated Budget* — The expenditure authority created by the appropriation bills or ordinances, which are signed into law, and the related estimated revenues. The appropriated budget would include all reserves, transfers, allocations, supplemental appropriations and other legally authorized legislative and executive changes.

*Appropriation* — A legal authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation usually is limited in amount and time it may be expended.

*Assessed Valuation* — A valuation set upon real estate or other property by a government as a basis for levying taxes.

*Assessment* — The process of making the official valuation of property for taxation, or the valuation place upon property as a result of this process.

*Asset* - A probable future economic benefit obtained or controlled by a particular entity as a result of past transactions or events.

*Bonded Debt* — The portion of indebtedness represented by outstanding bonds.

*Bond Ordinance Or Resolution* — An ordinance or resolution authorizing a bond issue.

*Bonds Authorized and Unissued* — Bonds that have been authorized legally but not issued and that can be issued and sold without further authorization.

*Bond Issued* — Bonds sold by the government.

*Budget* — A plan of financial operation estimating expenditures for a given period and the proposed means of financing them. Used without a modifier, the term indicates a financial plan for a single fiscal year. The

term "budget" may designate the financial plan presented to the governing body for approval or the plan adopted by the body.

*Budgetary Accounts* – Account used to enter the formally adopted annual operating budget into the general ledger as part of the management control technique of formal budgetary integration.

*Budgetary Control* – The control or management of a government or enterprise in accordance with an approved budget to keep expenditures within the limitations or available appropriations and available revenues.

*Budget Document* – The document which contains a comprehensive financial program for the approval of the appropriating governing body. The budget document usually consists of three parts: a message from the budget-making authority and a summary of proposed expenditures and the means of financing them; schedules supporting the revenues, expenditures and other data used in making the estimates; and drafts of the appropriation, revenue and borrowing measures necessary to put the budget into effect.

*Budget Message* – A general discussion of the proposed budget as presented in writing by the budget-making authority to the legislative body.

*Capital Expenditures* – Expenditures resulting in the acquisition of or addition to the government's general fixed assets.

*Capital Program* – A plan for capital expenditures to be incurred each year over a fixed period of years to meet capital needs arising from the long-term work program or other capital needs. It sets forth each project or other contemplated expenditure in which the government is to have a part and specifies the resources estimated to be available to finance the projected expenditures.

*CDBG* – Funding source includes revenues received from the Community Development Block Grant Program.

*Certificates of Obligation (C.O.)* – Funding source includes proceeds of City of Laredo combination tax and special revenue certificates of obligation issued and outstanding. Unlike General Obligation Bonds (G.O.) which requires voter approval, all C.O.'s require only City Council approval.

*CIP Fund* – Funding source includes transfer from the Bridge System, the General Fund, the Transit Fund, and Hotel-Motel Fund.

*C.O.'s Proposed* – Funding source includes proposed City of Laredo combination tax and special revenue certificates of obligation. These certificates are not yet issued. Unlike General Obligation Bonds (G.O.) which requires voter approval, all C.O.'s require only City Council approval.

*Debt* – An obligation resulting from the borrowing of money or from the purchase of good and services. Government debt includes bonds, time warrants and notes.

*Debt Limit* – The maximum amount of outstanding gross or net debt legally permitted by law.

*Debt Service Fund* – A fund established to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest. Sometimes referred to as a SINKING FUND.

*Debt Service Fund Requirements* – The resources which must be provided for a debt service fund so that all principal and interest payments can be made in full and on schedule.

*Expenditures* – Decrease in net financial resources. Expenditures include current operating expenses requiring the present or future use of net current assets, debt service and capital outlays, and intergovernmental grants, entitlements and shared revenues.

*Expenses* – Outflow of resources, use of assets, or the incurring of liabilities, or a combination.

*Fiscal Period* – Any period at the end of which a government determines its financial position and the results of its operations.

*Fiscal Year* – A 12-month period to which the annual operating budget applies.

*Fixed Budget* – A budget setting forth dollar amounts that are not subject to change based on the volume of good or service to be provided.

*Formal Budgetary Integration* – The management control technique through which the annual operating budget is recorded in the general ledger through the use of budgetary accounts. It is intended to facilitate control over revenues and expenditures during the year.

*Fund* – A fiscal and accounting entity with a self-balancing set of accounts in which cash and other financial resources, all related liabilities and residual equities, or balances, and changes therein, are recorded and segregated to carry on specific activities or attain certain objectives in accordance with special regulations, restrictions or limitations.

*Fund Balance* – The difference between fund assets and fund liabilities of governmental and similar trust funds.

*Fund Type* – The fund used to account for all financial resources, except those required to be accounted for in another fund.

*General Revenues* – Funding sources include revenues from the General Fund, Water Fund, Sewer Fund, Airport Fund, and Transit Fund.

*General Obligation Bonds (G.O.'s)* – City of Laredo funding sources include general obligation bonds issued and outstanding. G.O. Bonds require voter approval, and are issued with City Council approval.

*G.O. Bonds Proposed* – City of Laredo funding sources include proposed general obligation bonds. These are bonds that have not yet been issued or may not yet have been approved by the voters. All G.O. bonds require authorization by the voters.

*Generally Accepted Accounting Principles (GAAP)* – Uniform minimum standards and guidelines for financial accounting and reporting that govern the form and content of the financial statements of an entity. GAAP encompass the conventions, rules and procedures necessary to define accepted accounting practice at a particular time. They include not only broad guideline of general applications, but also detailed practices and procedures.

*Generally Accepted Auditing Standards (GAAS)* – Standards established by the AICPA for the conduct and reporting of financial audits. There are 10 basic GAAS, classed into three broad categories: general

standards, standards of field work and standards of reporting. The Auditing Standards Board of the AICPA publishes SAS to comment and expand upon these basis standards. These SAS, together with the 10 basic standards, constitute GASS. These GASS set forth the objectives of the audit and establish measures that can be applied judge the quality of its performance.

*Governmental Accounting* – The composite activity of analyzing, recording, summarizing, reporting and interpreting the financial transactions of governments.

*Income* – A term used in proprietary fund-type accounting to present (1) revenues or (2) the excess of revenues over expenses.

*Income Before Operating Transfers* – Proprietary fund operating income plus non-operating revenues and minus non-operating expenses.

*Lease-Purchase Agreements* – Contractual agreements that are termed leases, but that in substance are purchase contracts.

*Legal Level of Budgetary Control* – The level at which spending in excess of budgeted amounts would be a violation of law.

*Levy* – (1) (Verb) To impose taxes, special assessments or service charges for the support of government activities, (2) (Noun) The total amount of taxes, special assessments of service charges imposed by a government.

*Local Match* – Funding sources include revenues from the General Fund, Airport Fund, Water Fund, Sewer Fund, CDBG Fund, and other funds.

*Liabilities* – Probable future sacrifices of economic benefits, arising from present obligations of a particular entity to transfer assets or provide services to other entities in the future as a result of past transactions or events.

*Machinery and Equipment* – Property that does not lose its identity when removed from its location and is not changed materially or consumed immediately (e.g. within one year) by use.

*Maintenance* – The act of keeping capital assets in a state of good repair. It includes preventive maintenance, normal periodic repairs, replacement of parts, structural components and so forth and other activities needed to maintain the asset so that it continues to provide normal services and achieves its optimum life.

*Net Income* – Proprietary fund excess of operating revenues, non-operating revenues and operating transfers out.

*Obligations* – Amounts a government may be required legally to meet out its resources. They include not only actual liabilities, but also unliquidated encumbrances.

*Other Revenues* – Funding sources include revenues from the Transit System (1/4 cent) sales tax, Hotel-Motel taxes, Street Closing revenues, Interest from G.O. and C.O. bond proceeds, private contributions, and other.

*Operating Budget* – Plans of current expenditures and the proposed means of financing them. The annual operating budget (or, in the case of some state governments, the biennial operating budget) is the

primary means by which most of the financing, acquisition, spending and service delivery activities of a government are controlled. The use of annual operating budgets is usually required by law. Even when not required by law, however, annual operating budgets are essential to sound financial management and should be adopted by every government.

*Ordinance* – A formal legislative enactment by the governing body of a municipality. If it is not in conflict with any higher form of law, such as a state statute of constitutional provision, it has the full force and effect of law within the boundaries of the municipality to which it applies the difference between an ordinance and a resolution is that the latter requires less legal formality and has a lower legal status. Ordinarily, the statutes or charter will specify or imply those legislative actions that must be by ordinance and those that may be by resolution. Revenue-raising measures, such as the imposition of taxes, special assessments and service charges, universally require ordinances.

*Pledged Revenues* – Funds generated from revenues and obligated to debt service or to meet other obligations specified by the bound contract.

*Program* – Group activities, operations or organizational units directed to attaining specific purposes or objectives.

*Replacement Cost* – The amount of cash or other consideration that would be required today to obtain the same asset or its equivalent.

*Reserved Fund Balance* – Those portions of fund balance that are not appropriable for expenditure or that are legally segregated for a specific future use.

*Resolution* – A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

*Retained Earnings* – An equity account reflecting the accumulated earning of an enterprise or internal service fund.

*Revenues* – (1) Increases in the net current assets of a governmental fund type from other than expenditure refunds and residual equity transfers. Also, general long-term debt proceeds and operating transfer-in are classified as “other financing sources” rather than as revenues. (2) Increases in the net total assets of a proprietary fund type from other than expense refunds, capital contributions and residual equity transfers. Also, operating transfers-in are classified separately from revenues.

*Risk Management* – All the ways and means used to avoid accidental loss or to reduce its consequences of it does occur.

*Self-Insurance* – A term often used to describe the retention by an entity of a risk of loss arising out of the ownership of property or from some other cause, instead of transferring that risk to an independent third party through the purchase of an insurance policy. It is sometimes accompanied by the setting aside of assets to fund any related losses. Because no insurance is involved, the term self-insurance is a misnomer.

*Special Assessment* – A compulsory levy made against certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit primarily those properties.

*Special Assessment Bonds* – Bonds payable from the proceeds of special assessments. If the bonds are payable only from the collections of special assessments, they are known as special assessment bonds. If, in addition to the assessments, the full faith and credit of the government are pledged, they are known as general obligation special assessment bonds.

*Sub Function* – A grouping of related activities within a particular government function (e.g. police is a sub function of the function public safety).

*Taxes* – Compulsory charges levied by a government of finance services performed for the common benefit. This term does not include specific charges made against particular persons or property for current or permanent benefits, such as special assessments. Neither does the term include charges for services rendered only to those paying such charges (e.g., sewer service charges).

*TxDOT* – Funding sources include revenues managed by the Texas Department of Transportation, including state and federal sources.

*Tax Levy Ordinance* – An ordinance through which taxes are levied.

*Tax Rate* – The amount of tax stated in terms of a unit of the tax base.

*Tax-Rate Limit* – The maximum rate at which a government may levy tax. The limit may apply to taxes raised for a particular purpose or to taxes imposed for all purposes and may apply to a single government or to a class of governments operating in a particular area. Overall tax-rate limits usually restrict levies for all purposes and of all governments, state and local, having jurisdiction in a given area.

*Tax Roll* – The official list showing the amount of taxes levied against each taxpayer or property.

*Tax Supplement* – A tax levied by a local government having the same base as a similar tax levied by a higher level of government, such as a state. The local tax supplement is frequently administered by the higher level of government along with its own tax (e.g., locally imposed, state-administered sales tax).

*Unencumbered Allotment* – That portion of an allotment not yet expended or encumbered.

*Unencumbered Appropriation* – That portion of an appropriation not yet expended or encumbered.

*Utility C.O. Bonds* – This funding source includes proceeds from City of Laredo combination tax and special revenue certificates of obligation issued and outstanding. These bonds are paid with a combination of tax and utility revenues.
