You need an account to access your projects. Contact the Jurisdiction if you don't have an account login.

Create Account

To create a Building Commercial application, click on the Building Commercial button. To create a Building Residential application, click on the Building Residential button. To create an MEP application, click on the Mechanical, Electrical or Plumbing button.

Building Commercial Permits

Permits for electronic review include Sign Permits, and Commercial Building Permits like construction of a commercial building, interior finish outs, multi-family building, cell towers, meter requests, commercial fences, roofs, and pools.

Building Commercial

Building Residential Permits

Permits for electronic review include Residential Building Permits like construction of a residential building, interior finish outs, roofs, or pools.

Building Residential

Mechanical, Electrical or Plumbing Permits

Permits for electronic review include electrical, mechanical and plumbing projects.

Mechanical, Electrical or Plumbing Application

Quick jump to ProjectDox HOME - Projects

Go Directly to ProjectDox

Under the Start New Application Request area, click the dropdown and select the correct form (there will only be one to select from). Then give your application a Name and click the Start Application Process button.

Start New Application Request ?

To start a new application request:

- Select an application type
- Provide an application name
- Click the button below

Type: * Select Request Type ?

Name: *

Start Application Process

The correct form will then open and you will have to complete and submit the form. Once completed, the application will automatically be created in ProjectDox. It can take up to 5 minutes from when you complete the form to when the project shows up in ProjectDox.
